

**SALEM ELECTRIC**  
**RESIDENTIAL RATE**  
Schedule 1 and 2

Schedule 1 - Overhead Service  
Schedule 2 - Underground Service

**APPLICABLE**

Applicable to domestic use of all residential customers. Service under the Residential Rate shall apply only to electric service in a single-family house, separately metered single-family apartment, mobile home, and to general farm use when combined with residential use and supplied through the same meter. Private dwellings in which space is occasionally used for the conduct of business by a person residing therein will be served under the Residential Rate. Where a portion of a dwelling is used regularly for the conduct of business, the electricity consumed in that portion so used will be separately metered and billed under the General Service Rate. If separate circuits are not provided by the customer, the entire premises shall be classified as non-residential and billed accordingly. The Residential Rate shall not apply to service to institutions such as clubs, fraternities, orphanages, or homes; recognized rooming or boarding houses; the space in an apartment or other residential building primarily devoted to use as an office or studio for professional or other gainful purposes.

**MONTHLY RATE**

Basic Charge per meter: \$7.50

Energy Charge: 7.42¢ per kWh

**DELIVERY POINT**

The above rates are based upon the supply of service through single delivery and metering point, and at a single voltage. Separate supply for the same customer at other points of consumption, or at a different voltage, shall be separately metered and billed.

**RULES AND REGULATIONS**

Service and rates under these classifications are subject to present and future rules and regulations of Salem Electric.

Effective 10/01/11
