

Residential Rate

Schedule 1: Overhead Service

Schedule 2: Underground Service

Effective 10/01/17

Applicable

Applicable to domestic use of all residential members. Service under the Residential Rate applies only to electric service in a single-family house, separately metered single-family apartment, mobile home, and to general farm use when combined with residential use and supplied through the same meter. Private dwellings in which space is occasionally used for the conduct of business by a person residing therein will be served under the Residential Rate. Where a portion of a dwelling is used regularly for the conduct of business, the electricity consumed in that portion so used will be separately metered and billed under the General Service Rate. If separate circuits are not provided by the member, the entire premises shall be classified as non-residential and billed accordingly. The Residential Rate does not apply to service for institutions such as clubs, fraternities, or homes recognized as rooming or boarding houses; the space in an apartment or other residential building primarily devoted to use as an office or studio for professional or other gainful purposes.

Monthly Rate

Basic Charge Per Meter	\$15.00
Energy Charge	7.69¢ per kWh

Delivery Point

The above rates are based on the supply of service through a single delivery and metering point and at a single voltage. Separate supply for the same member at other points of consumption, or at a different voltage, will be separately metered and billed.

Rules & Regulations

Service and rates under these classifications are subject to present and future rules and regulations of Salem Electric.
